

# Homework Assignment 4D

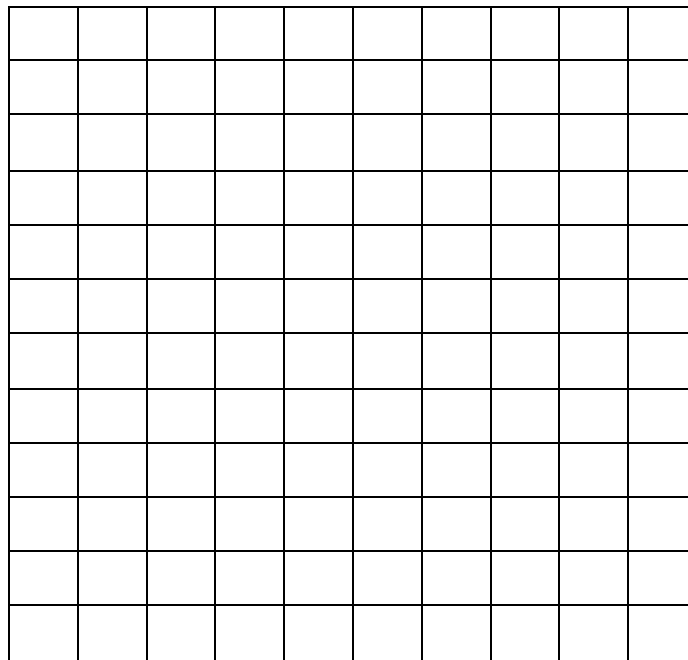

(To be used following Lesson 13)

Name: \_\_\_\_\_ Date: \_\_\_\_\_

In the lunch room at Ninety Six Elementary School, students were given a choice of pizza. The fourth grade classes took a survey of the pizza choices. The data collected is listed below.

<b>Cheese</b>	<b>48 students</b>
<b>Pepperoni</b>	<b>30 students</b>
<b>Sausage</b>	<b>19 students</b>
<b>Deluxe</b>	<b>15 students</b>

1. Display the data in a bar graph. Remember to label the graph.

**2. What are the categories in your data?**

**3. Which category has the most? \_\_\_\_\_**

**4. How many students were included in the survey?**

\_\_\_\_\_

**5. How many more students chose pepperoni pizza than deluxe?**

\_\_\_\_\_
