

Homework Assignment 5C2

(To be used following Lesson 9) *Students will need grid paper.

Name: _____ Date: _____

Look at the first three steps of the block C pattern.

1. Shade steps 1 – 4 on the grid paper. What is changing from one block C to the next?

2. Represent the pattern in the following table.

Step #	1	2	3	4	5	6	7	8
# of squares	5	8						

3. Write a rule in words and/or with variables for the relationship between the step number and the number of squares.
