

Homework Assignment 3E1

(To be used following Lesson 16)

Name: _____ Date: _____

Find several items in clipart, coloring books, or stickers that have symmetry and some that do not. Draw or glue the pictures below.

Look at the pictures below. Circle the items that have one or more lines of symmetry, and then draw the lines of symmetry for the circled pictures.

Lessons 16-20 Subconcept: Conclusions can be drawn about the position and location of shapes.

Developing Geometric Logic: Shapes and Paths
