

### Information About the Sequence of Math Out of the Box Modules

The grade-level modules of Math Out of the Box can be taught in any sequence except Numbers A should be taught before Numbers B. Possible sequences are listed in the following table:

| Sequence |                         |                         |                        |                         |                         |
|----------|-------------------------|-------------------------|------------------------|-------------------------|-------------------------|
| A        | Algebra/Data<br>6 weeks | Numbers A<br>9 weeks    | Geometry<br>6 weeks    | Measurement<br>6 weeks  | Numbers B<br>9 weeks    |
| B        | Numbers A<br>9 weeks    | Geometry<br>6 weeks     | Measurement<br>6 weeks | Algebra/Data<br>6 weeks | Numbers B<br>9 weeks    |
| C        | Geometry<br>6 weeks     | Algebra/Data<br>6 weeks | Numbers A<br>9 weeks   | Numbers B<br>9 weeks    | Measurement<br>6 weeks  |
| D        | Measurement<br>6 weeks  | Numbers A<br>9 weeks    | Numbers B<br>9 weeks   | Geometry<br>6 weeks     | Algebra/Data<br>6 weeks |
