

Homework Assignment 2A2

(To be used following Lesson 6)

Name: _____ Date: _____

1. Choose a nonstandard unit, such as paperclips or pennies, to measure the perimeter of the rectangle below. Next, measure the rectangle using standard units, such as inches or centimeters.

Unit of Measurement	Perimeter
Which nonstandard unit did you choose?	
Which standard unit did you choose?	

2. Use the space below to explain how you determined the perimeter for each unit of measurement.
