

Homework Assignment 2B1

(To be used following Lesson 9)

Name: _____ Date: _____

1. Grandpa needs \$1.00 to buy a pack of gum at the store. He has two quarters and a nickel in his pocket. How much more money does Grandpa need to buy his pack of gum?

2. Draw a set of coins that shows how much Grandpa needs to buy his gum.

3. Tell why you chose that combination of coins.

4. Draw a different set of coins that shows how much Grandpa needs to buy his gum.

5. Tell why you chose that combination of coins.
