

Homework Assignment 3A2

(To be used following Lesson 6)

Name: _____ Date: _____

1. Grandpa is building a fence around his garden. Below is a picture of his garden. The garden is 16 feet long and 6 feet wide. Determine the perimeter so he will know how much fencing he needs to buy.

He needs to buy _____ feet of fencing.

2. Determine the perimeter for the figure below. Explain your way of finding the perimeter.
